Why Critical Care Coverage?

Today, due to early detection, prevention and advances in medical treatments, the odds of surviving a life altering critical condition are better than ever. For many of us, surviving such an illness can bring serious financial and emotional hardships—especially if that illness leads to a stay in an Assisted Living Facility or Nursing Home while recuperating. This is where Guarantee Trust Life's Critical Care Policy can help....

With GTL's Critical Care Policy,
the Progression of Care Benefits
Follows the Progression of Care Costs

Monthly Cash Benefits

At Home

Total Benefits Paid:
Monthly Base Benefit
Minimum \$500 up to \$3,000
(In \$250 increments)

Assisted Living

Total Benefits Paid:
Monthly Base Benefit
Plus
50% of Monthly Base Benefit
(Up to \$4,500)

Nursing Home

Total Benefits Paid:
Monthly Base Benefit
Plus
100% of Monthly Base Benefit
(Up to \$6,000)

Example

Bob purchased a GTL Critical Care Policy with a Monthly Base Benefit Amount of \$2,000 and a Maximum Benefit Period of 18 months. Bob had a stroke which, after resting at home for the first 3 months, resulted in care in an Assisted Living Facility for 8 months followed by a Nursing Home stay for 3 months. Then, Bob was able to go home.

His GTL Critical Care Policy paid as follows:

Months 1-3: At Home

\$2,000 x 3 Months = **\$6,000**

Months 4-11: Assisted Living Facility

\$3,000 x 8 Months (base + 50% ALF) = **\$24,000**

Months 12 -14: Nursing Home

\$4,000 x 3 Months (base + 100% NH) = **\$12,000**

Months 15 - 18: At Home

\$2,000 x 4 months = **\$8,000**

Total cash benefits paid to Bob is \$50,000.

And remember—If Bob recovers from his stroke, his Critical Care Benefits can be fully restored!

See Restoration of Policy Benefits for details.

How Critical Care Works

STEP 1 - Choose Your Plan (Issue Age 18-84)

Critical Care has been designed so you have the option of choosing one of three plans of coverage:

Critical Care

(Plan A)

Provides Benefits for:

- Cancer
- Cancer-In-Situ
- Heart Attack
- Coronary Artery Bypass Surgery
- Stroke
- Alzheimer's Disease
- Kidney Failure
- Major Organ Transplant
- Paralysis
- Coma

Cancer Care Plus

(Plan B)

Provides Benefits for:

- Cancer
- Cancer-In-Situ
- Alzheimer's Disease
- Kidney Failure
- Major Organ Transplant
- Paralysis
- Coma

Cardiac Care Plus

(Plan C)

Provides Benefits for:

- Heart Attack
- Coronary Artery Bypass Surgery
- Stroke
- Alzheimer's Disease
- Kidney Failure
- Major Organ Transplant
- Paralysis
- Coma

STEP 2 - Choose Your Benefit Period*

Choose a Benefit Period from 6, 12, 18 or 24 months. The Benefit Period defines how long you will receive your Monthly Base Benefit Amount. Recovery periods can vary by the nature of the critical condition. Therefore, please note: Benefit Periods for Cancer In-Situ, Coronary Artery Bypass Surgery, Heart Attack and Coma are limited as recovery times tend to be shorter than recovery times for Cancer, or Stroke, for example.

STEP 3 - Choose Your Monthly Base Benefit Amount

Choose a Monthly Base Benefit Amount between \$500 and \$3,000 a month. Your Monthly Base Benefit Amount is the amount of cash you will receive on a monthly basis upon diagnosis of a covered condition. Monthly Benefit Amounts are limited to \$500 for dependent children.

For all plans there is a lifetime maximum equal to three times the full Benefit Period Payout. Example: For a \$1,000 monthly benefit (\$500 Base Amount + \$500 when confined to a Nursing Home = \$1,000 monthly benefit) with an 18 month period, the lifetime maximum is $3 \times \$1,000 \times 18 \text{ months} = \$54,000$.

All plans include Assisted Living Facility & Nursing Home Benefits. Maximum Benefit Periods for covered conditions are 6 months, 12 months, 18 months or 24 months. Limited Benefit Periods apply to specific covered conditions. See policy for details.

*Benefit Period Options are not available in all states

ADDITIONAL BENEFITS INCLUDED WITH ALL PLANS:

Assisted Living Facility Benefit: If you are confined to an eligible Assisted Living Facility due to a covered condition, GTL's Critical Care Plan will pay 50 percent of your Monthly Base Benefit Amount you select for each month of such confinement, not to exceed the Maximum Benefit Period (*Form # RG11NH*). This benefit will be paid in addition to your Monthly Base Benefit Amount.

Nursing Home Benefit: If you are confined to an eligible Nursing Home due to a covered condition (whether for skilled, intermediate or custodial level care), GTL's Critical Care Plan will pay 100 percent of your Monthly Base Benefit Amount you select for each month of such confinement, not to exceed your maximum benefit period (*Form # RG11NH*). This benefit will be paid in addition to your Monthly Base Benefit Amount.

Restoration of Policy Benefits: This Policy's Maximum Benefit Period or Limited Benefit Period for any One Benefit Period will be fully restored when there has been no payment of benefits of a Covered Condition for twelve (12) consecutive months. The Restoration of Policy Benefits does not apply to Alzheimer's disease or Paralysis.

If the Policy includes coverage for Cancer, as shown on the Policy Schedule Page, benefits for the reoccurrence of a previously diagnosed Cancer are subject to Documented Medical Evidence that supports a Cancer's Period of Remission. We retain the right to have such Documented Medical Evidence reviewed by an Oncologist of Our choice.

The Restoration of Policy Benefits is subject to the Lifetime Maximum Benefit shown in the Schedule.

Optional Return of Premium Rider:** If this rider is selected, we will return any premiums paid (less any claims paid), if you pass away before the first policy anniversary which follows the policy holders eightieth (80th) birthday. A Return of Premium Benefit may be payable to your named beneficiary or estate. Benefit payment under this rider is subject to the Policy being in force with this rider at the time of your death.

Did you know?

You can use the Cash Benefits paid by your Critical Care Policy however you wish. Use your cash to help pay for:

- 
- Loss of income
 - Rehabilitation expenses
 - Alternative treatment options
 - Out-of-network charges on PPO
 - Travel for treatment plans
 - Lodging
 - Lifestyle changes
 - Mortgage loans & debt payments
 - Child care expenses

GTL's Critical Care Plan will pay the chosen monthly cash benefit for your selected monthly benefit period, **starting immediately**,* upon the diagnosis of a covered critical condition listed below.

The monthly benefits you receive will increase by 50% if you require care in an Assisted Living Facility and will increase by 100% if you require care in a Nursing Home as a result of a covered condition. The benefit will be paid directly to you and you can use the cash however you wish. Should you die before the end of the benefit period, the remaining benefits for the benefit period will be paid to your named beneficiary.
